1. It has been planned to asphalt the road from Hora Svateho Sebestiana (N 50-31, E 13-16) to Brandov (N 50-38, E 13-24) via Reizenhain (N 50-33, E 13-15) and Kalek (N 50-34, E 13-20) during 1954. The bridge on this road at the edge of Hora Svateho Sebestiana is to be reconstructed because it does not meet present requirements. The middle of three bridges near Gabrielina Hut was reconstructed so as to increase its carrying capacity. Also planned is the regulation of the creek along the road between Nacetin and Kalek.

2. The necessary funds have been made available to the construction firm. It has been planned to have road workers from other districts help with this construction. The construction is to be carried out by the Krajska Silnicni Sprava (District Highway Administration) at Chomutov.
